

Barry Arm Landslide Learning Session

Jan 14, 2021 1-4pm

Attend virtually on Teams or at the City Council Chambers in Whittier

for the Teams meeting link go the city of Whittier website

Public is invited to join for a learning session regarding the Barry Arm landslide and tsunami threat. There will be representation from NOAA, USGS, AK DGGS and AK Emergency Management.

The meeting will provide:

- Information about the original and the newly discovered landslide hazard
- A better understanding of the landslide threat
- What is being done to monitor the hazard
- Tsunami warning system status.
