3. Do not take mass transportation during the time you are practicing social distancing.
4. Avoid crowded places (such as shopping centers and movie theaters) and limit your activities in public.
5. Keep your distance from others (about 6 feet or 2 meters).
6. If you seek medical care for other reasons, such as dialysis, call ahead to your doctor and tell them about your recent travel.

All Alaskans should follow previous guidance including regular hand washing, cleaning surfaces and avoiding large gatherings ([March 13 COVID-19 Health Alert: Recommendations for Keeping Communities Safe](#)).
